

MUNICIPAL TRASH CANS

Fact Sheet

Baltimore City is providing one free 65-gallon trash can to every residential address that currently receives trash collection service by the City. Using these cans will help keep our neighborhoods and waterways clean, reduce the rodent population, reduce strain on our workers and make trash collection more efficient.

Property owners who own a row home that is part of a continuous block-long group and have front collection have the option to call 311 by April 20, 2016, to request a smaller 35-gallon can.

Distribution of the cans will begin in early 2016. Hang tags will be posted at each property in the weeks prior to delivery.

A neighborhood delivery schedule will be posted at <http://publicworks.baltimorecity.gov> and updated regularly. Please begin using your can as soon as it arrives.

Your collection day and pickup location will remain the same.

The cans are constructed of durable resin that will not blow over and have attached, tight-fitting lids and wheels.

DIRECTOR

What Else Should I Know?

1

The cans are for trash only.

2

The cans are assigned specifically to each address, remain the property of the City, and should not be altered or defaced with letters, names, stickers, numbers, or symbols.

3

Failure to properly dispose of trash in a durable can with a tight-fitting lid is subject to a City fine.

4

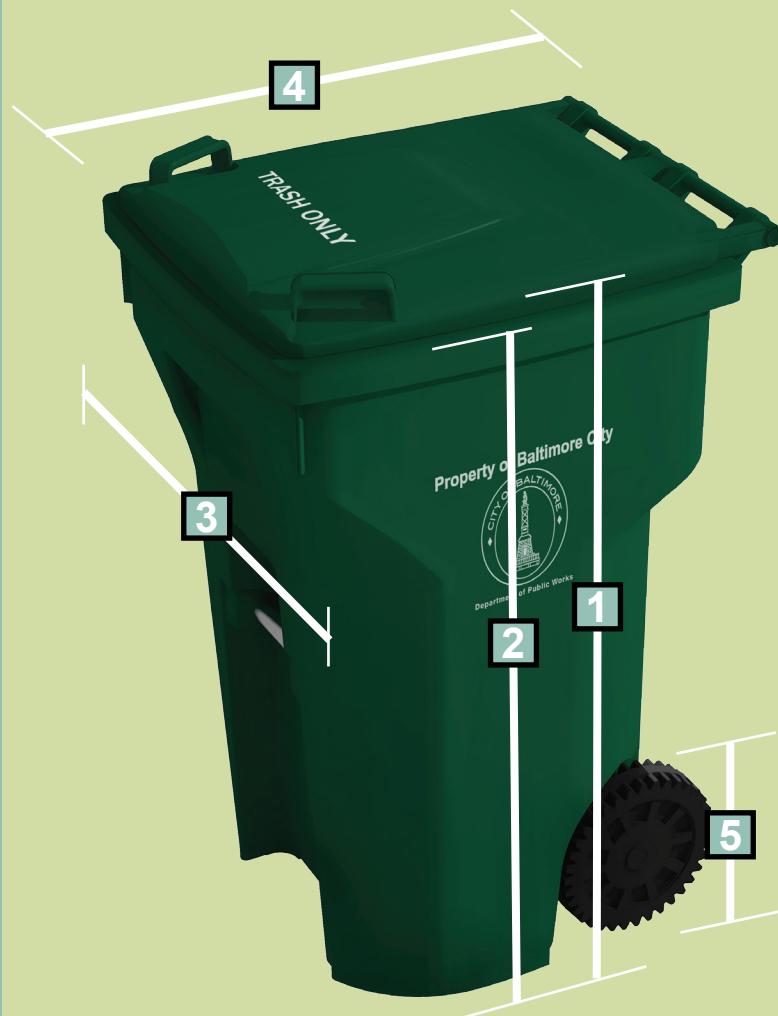

If your can is damaged through normal wear and tear, call 311 to have it repaired or replaced. If the can is stolen, a police report must be provided for a one-time free replacement.

5

To keep the can clean, please put your trash into trash bags and then into the can.

6

Once the Municipal Can is delivered, you may drop off your old can at one of the City's drop-off facilities or use it for your weekly recycling collection.

Municipal Trash Can Sizes

Gallon Sizes	H	H (cart body)	W	D	Wheel Diameter
35 gallon	1 38.2"	2 35.8"	3 22.8"	4 22.3"	5 8"
65 gallon	42.2"	39.5"	25.9"	26.5"	10"
